President's Report:

Club President David Poole thanked everyone for attending, and reported on the past year: The ski season started late but we had snow over the Xmas holidays and the snow stayed until the end of March. There was a short period when there were people skiing and biking at the same time.

The Community Forest finished the new Bend connector to the Elevator trail and the new section looks good, it also detoured around a very steep hill.

The Club held many successful events; Snocial, Broads on Boards, Moonlight Ski, Birchleg and the Banff Mt. Film Festival

The Club also continued to offer Rabbits Ski lessons for children which is well attended.

We installed new mouse proof storage in the Quonset Hut

Updates to the Solar System have improved the system and a new battery was purchased.

The Snowcat hydraulics where repaired, thank to Bob Dhillon

The Club provided Grooming of the field beside Raft River School
